

- All important church updates will continue to be shared via SMS text messaging with all congregants.
- To help get things started, we've added many of our regular attendees to the app using basic contact details from past records or publicly available sources like Facebook.
- If you've received an invite, please feel free to accept it and customize your profile with any information you're comfortable sharing. The app gives you access to sermons, events, contact info, and messaging groups.
- If you haven't received an invite yet, just download the app, sign up using your mobile number, and your request will be approved shortly.
- To publish your profile in the church directory, or update your information: Go to My Profile and Settings > Directory Profile > Select your preferences > press "save"
- We will plan on a time set aside to help on Sunday, May 18 if you need additional assistance.
